Dear Friend of the Plumas National Forest,

The Sugarloaf Hazardous Fuels Reduction Project (Sugarloaf Project) Final Environmental Impact Statement (FEIS) and draft Record of Decision are available electronically on the internet and located at: <http://1.usa.gov/1jnfVj6>.

The Sugarloaf Project has been prepared under the provisions of 36 CFR 218 subparts A and B, and is subject to the objection process. It is not subject to the notice, comment and appeal procedures found at 36 CFR 215 (36 CFR 218.3). Information on the objection process is posted at <http://www.fs.fed.us/emc/appl/36cfr218a.htm>. Only those individuals and organizations who previously submitted written comments specific to this project during scoping or other public involvement opportunities have standing to file an objection (36 CFR 218.6(a)).

We have prepared a draft Record of Decision selecting alternative A, the proposed action. However, a decision for this project will not be signed until the Reviewing Officer has responded to all pending objections. The Reviewing Officer shall issue a written response to the objector(s) concerning their objection(s) within 30 days following the end of the objection-filing period (36 CFR 218.10(e)).

Copies of the FEIS and additional information regarding the FEIS and/or the objection process can be obtained from Carol Spinos, District NEPA Planner, at (530) 534-6500 or cspinos@fs.fed.us.

Sincerely,

Wade McMaster
Acting District Ranger
